WHAT IS THE BE THE GRACE INITIATIVE?

This is a program that links one child in need with caring and kind guardians by regularly donating a certain amount of money to give the beneficiary a chance to grow up healthy, safe, and happy - forever changing their life and future.

This initiative will directly assist in the funding of necessary Occupational Therapy sessions. The goal of this sort of therapy is to alleviate the physical, mental, developmental, and emotional impairments that affect a child's capacity to carry out daily duties and subsequently it can help the child to become more autonomous and independent.

As a child sponsor, you will follow the beneficiary throughout their path of care. Your only commitment as a sponsor is your continuous and monthly contribution.

Every child will be entitled to no less than 8 monthly sessions of occupational therapy. The length of each session will be 45 minutes.

To effectively sponsor each child, 250\$ per month are required. If a single donor is unable to continuously provide this amount, a combination of numerous sponsors may be required to reach the objective. That's why we also might assign several sponsors to one child.

Your monthly donation will be put to use in two different ways:

- The majority of it will go toward paying the session fees.
- A fraction will be used to help with the NGO's other expenses.

HOW WILL YOUR SPONSORSHIP HELP?

01

Your sponsorship will help invest in a child's future to create, all at one, private and collective welfare.

02

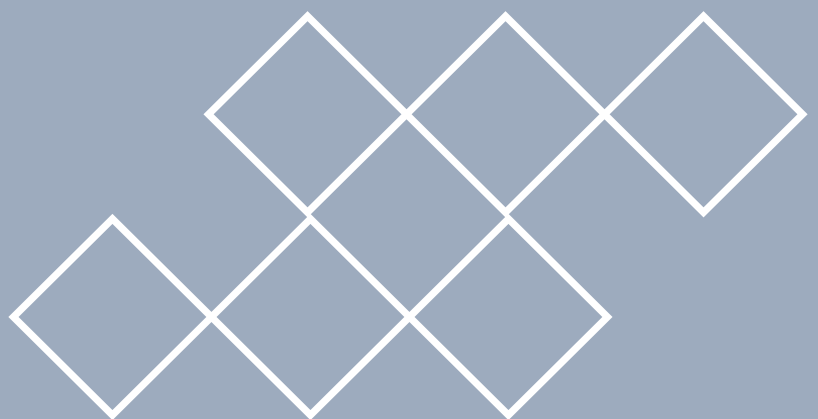

Your contribution will help us grow as an NGO so we can continue to spread our mission and vision.

03

It will support the child's family by alleviating the financial burden of long-term occupational therapy sessions.

04

Your donation will create a job opportunity for many Lebanese occupational therapists from different walks of life.
